ABOUT US

Our company's objective is to establish a new business and educational community that revolves around and caters to the needs of its members.

Edelmood, our NFT investment product, aims to create a community that will attract and engage our investors and prospective long-term partners.

VALUES

Integrity

To ensure the integrity of the company, it will allocate 40% of its shares to a foundation. This strategic move aims to have both the community and the foundation contribute to the long-term integrity of the company

Excellence

Building a robust brand is achievable through a diverse community of NFT investors, allowing us to realize our vision effectively..

Collaboration

The concept enables the development of new partnerships, paving the way for the exploration of new business sectors and locations

Innovation

The concept enables the development of new partnerships, paving the way for the exploration of new business sectors and locations.

GOALS AND OBJECTIVES

01 Our initial goal is to persuade Edelmood NFT investors, creating a robust community and generating sufficient capital. This effort aims to establish confidence, ensuring a strong foundation for collaborative growth and success

02 Our primary goal is the development of our education-business platform, designed to empower each individual and strengthen the community as a whole. This platform seeks to provide transformative educational experiences, fostering personal growth and contributing to the collective well-being of our community.

03 Operating digitally, our goal is to become a key partner for customers worldwide, continually expanding into new markets and solidifying our presence on a global scale.

PROJECT TIMELINE

By mid-2024, we plan to launch our NFT investment, aiming to release our software solution in beta by the end of 2025. These milestones mark significant steps toward our vision and commitment to innovation.
